

M8 - 5.2 - Cube Surface Area WS

Find the surface area of this cube

M8 - 5.2 - Surface Area Rectangular Prism WS

Calculate the following surface area by drawing the shape flat, labeling the dimensions, then calculating the surface area.

M8 - 5.3 - Surface Area Cylinder WS

Calculate the following surface area by drawing the shape flat, labeling the dimensions, then calculating the surface area.

M8 - 5.3 - Triangular Prism Surface Area WS

Find the surface area of this triangular prism

M8 - 5.4 - Surface Area (Cube, Rect) HW

Draw shape flat, label their dimensions, then calculate the surface area of the following shapes. Don't forget to write and circle the area of each shape in your flat drawing.

M8 - 5.4 - Surface Area (Cyl, Tri) HW

Draw shape flat, label their dimensions, then calculate the surface area of the following shapes. Don't forget to write and circle the area of each shape in your flat drawing.

M8 - 5.4 - Surface Area (Cube, Rect, Cyl, Tri) HW

Draw shape flat, label their dimensions, then calculate the surface area of the following shapes. Don't forget to write and circle the area of each shape in your flat drawing.

M8 - 5.4 - Surface Area (Tri Pythag) RVW

Find the following surface areas.

M8 - 5.4 - Surface Area Missing Dimension WS

Find the missing dimension of the following shapes.
